The background of the entire page is a photograph of the interior of the European Parliament hemicycle. The seating is arranged in a semi-circle, with rows of desks and chairs. At the far end, there are flags of the member states and the European Union flag. The image is overlaid with a semi-transparent purple filter.

## Why companies and associations are switching to EU Issue Tracker

FiscalNote's EU Issue Tracker platform stands apart from other EU tools with a complete database of all EU dossiers; from the earliest sign of potential regulatory action through to hotly debated and adopted dossiers. Our analysts summarize each dossier explaining the latest developments, how proposals amend existing regulations, and analysis on committees, amendment trading, and future timelines.

## Systematic Regulatory Intelligence

You don't have time to continuously check for potential regulatory risks or monitor dossiers as they move through the EU institutions. FiscalNote's comprehensive regulatory intelligence platform combines cutting-edge technology with human analysis from our team on the ground in Brussels so you can spend your time on the work that matters most.

## All your issues in one place
